Summary

Enthusiastic beginner web developer with hands-on project experience and a science background. Quick learner with strong problem-solving skills, eager to grow and contribute in frontend development.

EXPERIENCES

Self-Learning Frontend Development

2023 - Present

Training Projects

I have been learning frontend web development through personal projects, using HTML, CSS, and Bootstrap to build responsive and well-structured web pages. This hands-on practice improved my understanding of layout design, mobile-friendly interfaces, and core frontend fundamentals.

Private Tutoring

2024 - Present

Home / Coaching

I have experience providing private tutoring to students, assisting them with their studies and helping them build a better understanding of academic subjects through consistent support and clear explanations.

Education

Higher Secondary School Certificate (HSC)

2023 - 2025

Government Science College (GSC), Farmgate, Tejgaon, Dhaka

I have completed my Higher Secondary School Certificate (HSC) from the Science group with a GPA of 4.50.

Secondary School Certificate (SSC)

2020 - 2023

Khilgaon Government High School (KGHS), Khilgaon, Dhaka

I completed my Secondary School Certificate in the Science group and achieved a GPA of 5.00.
